5) I have consulted the Deputy Commissioner in the matter. At first, he expressed himself against any export whatsoever from his District; but he has since changed his view and has stated that interchange or produce may be allowed on the weight for weight basis. This policy in the matter of interchange is, as I understand, intended to apply only to grains and pulses and not to such articles as chillies, onions, garlic etc. If the Deputy Commissioner, however, considers as he has apparently done, that our food grains may be exchanged for these articles also, as proposed by the Collector of Dharwar, we may allow him to do.

Letter No.W.S.R.248 dated 24th December 1918 from the Collector of Dharwar to the Director of Civil Supplies in Mysore Bangalore.

I have the honour to state that the villagers of Shikar-pur taluk in the Mysore State are in the habit of coming to the Bazaars of Chikkerur, Hirekerur, Masur and Rattihalli of the neighbouring taluka of Kod in this district, but for the last few months, as exports have been prohibited from Mysore, the villagers of Hirekerur Taluka experience great difficulty in obtaining supplies. The Mysore Residents used to bring rice and ragi and took away chillies, onions garlie etc., in exchange. I therefore venture to suggest that you might -- agree to allow Mysore villagers near the border to continue to trade as heretofore, but to such limited extent as you may think desirable in consideration of the present scarcity. If so many carts of ragi were allowed to be exported on condition of an equal quantity of chillies, onions etc, be given in exchange, it might be to the advantage both of the Kod villagers and to the Mysore State subjects. The Mamlatdars of Hirekerur and Sikarpur could probably arrange details if you approve of a number of cartloads per mensem being thus exchanged. I might also mention that if chillies are not required, I could allow the export of wheat from the northeastern portion of this district near Gadag.

B a n g a l o r e.

Sir,

With reference to your letter No. G.18052 dated 21st February 1919, regarding the export of certain food grains from Mysore, to Dharwar District, as proposed by the Collector of Dharwar, I have the honour to forward herewith a copy of letter No. H.C.6 Rev.18-19 of the 12th instant from the Deputy Commissioner of Shimoga. I agree with the Deputy Commissioner in thinking that in view of the deficiency of stocks of food grains in the Shimoga District, export of ragi or other food grains cannot be allowed against the import of an equal quantity of chillies, onions, etc., as proposed by the Collector.

I have the honour to be,
Sir,
Your most obedient servant,

Food Controller & Director.

Letter No. H.C.6/Rev.18-19 of the 12th March 1919, from the Deputy Commissioner, Shimoga, to the Food Controller & Director of Civil Supplies in Mysore.

With reference to your letter No.4551 dated nil forwarding copy Chief Secretary's letter No.G.18052 dated 21st February 1919 with a copy of its enclosure, I have the honour to state that under the present seasonal conditions it has been found that the stock of principal food grains available will not be enough to meet the local requirements. As such I am not in favour of allowing trade to be carried on between Shikaripur and Kod taluk even on weight for weight basis as suggested by the Collector of Dharwar as it will lead to needless complications and will give room for abuses.
